PUBLIC SCHOOLS IN MANITOBA

ENROLMENT ESTIMATE

1984 - 1988

Department of Education
Finance Branch
511 - 1181 Portage Avenue
Winnipeg, Manitoba
April, 1984

The Finance Branch of the Department of Education has produced an enrolment estimate for public schools in Manitoba. The intention of the estimate is to provide some indication of the direction and magnitude of future enrolment trends in order to facilitate the planning of financial requirements.

The enrolment estimates are calculated using a computerized estimate enrolment system designed by Management Information Services of the Department of Education. The system uses an on-line interactive terminal located at the Finance Branch office which is linked to a main frame computer located at the University of Manitoba.

The estimating process is based upon actual enrolment information submitted annually by each school division and district in the Province of Manitoba. The actual enrolment represents the number of pupils who were attending public schools on September 30th of each year. Similarily, the enrolment estimate represents the number of pupils expected to be attending public schools on September 30th of each estimate year.
